FINGERPRINTING SERVICES

Fingerprints you submit to the Arizona Department of Insurance *must...*

- Be applied on FBI Form FD-258 -- a blue-outlined, matte-finish card like the one shown to the right.
- Be applied by a qualified fingerprinting technician. Please note the following:
 - The Department of Insurance does not regulate fingerprint card technicians and does not promise that a technician on the following list will provide a fingerprint card that the FBI can read. You are solely responsible for furnishing a fingerprint card that the FBI can read. If the FBI cannot read your fingerprint card, you will have to submit another fingerprint card. Some technicians may guarantee that their service will result in a readable fingerprint card.
 - Most fingerprinting technicians charge a fee to apply your fingerprints to a fingerprint card. You will, in addition, have to pay the Arizona Department of Insurance a separate fee to have the FBI process your prints.
 - Before visiting a fingerprinting technician, you should contact them to inquire about their fees, hours, and restrictions, any documents you may need to bring with you, and to schedule an appointment.
